Boils and Pimples Dangerous S. S. S. Your Remedy

Standard For Fifty Years.

Modern science has proven that boils and carbuncles, pimples, and unsightly skin blotches are the danger signals of diseased blood. Scaly skin and itching of Eczema, Scrotula, rashes—all skin diseases are aggravated by bad blood—it's the infected blood that's dangerous. Don't wait for the boils. If you have pimples and blotches, take instant action. Pimples tell you that your blood is filled with impurities. You must wash out your blood, strengthen and stimulate it to healthier action with Nature's own blood tonic, S. S. S. It is the standard blood purifier of the world. Don't use any drugs, don't use ointments and salves. S. S. S. teaches the blood, drives out the impurities. It makes healthy perspiration—the poison is literally sweated out through the skin. Boils, blotches, Eczema, and the Scrofula indications disappear. It does what salves and lotions can never do-it goes to the very root of the trouble by reaching the blood. Your skin becomes clear and you soon feel the vigor of the return of perfect health. S. S. S. purely vegetable. You can get it at any druggist's, but you must take S. S. S. Let us tell you about blood diseases. Write for book of facts, "What the Mirror Tells." If yours is a long standing case, write for expert advice to S. S. S. Co., Atlanta, Ga
